

This year's Business Professionals of America club at Kirtland Central High School has 18 members. We have 4 existing members and 14 new members. On October 17, 2016, we had a ceremony for all 18 members. During the ceremony we installed the new officers, initiated new members, built the emblem, and had the torch ceremony. The new officers for this 2016-2017 school year are: President- Elsie Orozco, Vice President-Isaiah Talley, Secretary-Tyler Mills, Treasurer-Alexis Lucero, and Historian- Anna Costner.

This year 14 members including the officers, participated in the Cancer Walkathon on September 24, 2016. We solicited donations for the Cancer Walkathon and raised a combined total of

\$1,368.03. Currently we are making stockings for ChildHaven and the Family Crisis Center here in our county. We will be decorating them and stuffing them with candy before delivering them.

We are preparing for our events for regionals on December 7, 2016. Regionals will be hosted by our chapter this year at the Farmington CATE Center. We are all excited for BPA this year. The national conference is in Orlando, Florida and we all hope we can succeed in our events in order to qualify.
